

Lafayette College Hugel Science Center

City of Easton | Northampton County, PA

Van Cleef was hired by Lafayette College to perform boundary and topographic survey, prepare site plan drawings and specifications, and obtain municipal and county approvals for the Hugel Science Center.

Work included design of utility connections, storm drainage and erosion control measures, parking lot design, plans and specifications, applications to the City of Easton, Lehigh Valley Planning Commission and Northampton County Conservation District, and liaison with project architect.

Van Cleef provided support for avoiding variance based on reconstruction of existing building in floodplain zone.
