

Lawrence-Hopewell Trail Pennington Connection

Townships of Hopewell and Lawrence | Mercer County, NJ

Van Cleef provided construction administration, construction inspection and construction testing for this portion of the Lawrence-Hopewell Trail, a multi-use trail system in Lawrence and Hopewell Townships that is 22 miles long.

The project required installation of a large reinforced concrete retaining wall, large elliptical pipe culvert extension, porous pavement trail, decorative bike railing and guide rail. The project was funded by a FHWA grant through the Borough of Pennington.

Van Cleef provided full time inspection and all required FHWA and NJDOT documentation to complete the project.
