

Lawrence Township Police and Municipal Building

Lawrenceville, Mercer County, New Jersey

Van Cleef was tasked with the construction of a new Police and Courts Building.

Van Cleef performed all site, civil and survey functions including environmental permitting, stormwater management, site layout, lighting, landscaping, ADA access design, water main extension, construction stake-out and construction administration related to site work.

This project also included renovation of a portion of the Lawrence Township Municipal building.

For the renovation, Van Cleef also performed all site, civil and survey functions including environmental permitting, stormwater management, site layout, lighting, landscaping, ADA access design and construction stake-out.
